

## Lyric – the first completely invisible, extended wear hearing aid.

This breakthrough hearing aid from Phonak requires no handling  
at all and remains in your ear 24/7.

And the best thing is: no one can see how well you hear!

Lyric is sold on a subscription basis. During your subscription  
period, your hearing care professional will insert a new Lyric  
hearing aid at each follow-up visit. This also means you constantly  
benefit from the latest technology.

The contact lens  
for your ear.

**PHONAK** life is on

## Invisible.

Lyric is placed entirely inside your ear canal by a Lyric trained hearing care professional. Thanks to its unique placement, Lyric remains completely invisible from the outside and allows you to enjoy your hearing again. And no matter how close someone gets to you, Lyric remains invisible.

## Effortless.

Lyric is placed close to your eardrum and takes advantage of the ear's natural anatomy to minimize background noise and to deliver natural sound quality. What's more, wearing Lyric is so effortless you just might forget you are wearing a hearing aid – there are no batteries to change, no maintenance is needed and no daily insertion or removal is required.

## 24/7.

Lyric is worn 24 hours a day, seven days a week, for months at a time. You can wear Lyric during your daily activities – such as showering, talking on the phone, exercising, using headphones and even at night while sleeping.
